Press Release

LOPEC 2017

**SPS® TechnoScreen** will display one of the most accurate flat bed screen printing presses in the world! The **ATMAGP 50PP** series is equipped with 4 cameras for registration and reaches a print repeatability of **< 15 µm**. The machine is used for printed electronics and cover lenses. The 50PP is quick to set up and therefore very suitable for small runs and laboratory work.

Looking forward to meet you at LOPEC 2017, Messe München, hall B0, booth 106.

ATMAGP 50PP
