Collect all sticker points at the different stations

Win a retro electronics advent calendar if you are among the first 100 participants!

Collect the sticker points at the live demos and return your completed card to the **Merchandise Shop at the West Entrance** to collect your prize.

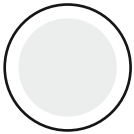

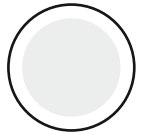

3D-AOI Arena, hall A2, booth 506

In the arena, 10 automated optical inspection systems from 10 renowned manufacturers are on display. Compare, evaluate and decide.

Cleanroom, hall B2, booth 151

High-tech products place high demands on the manufacturing conditions and thus on the cleanroom. The "cleanroom" plays a key role here.

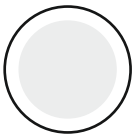

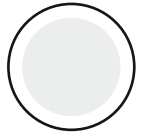

Smart Maintenance, hall B2, booth 133

This special exhibition demonstrates the growing importance of maintenance due to the digitization of production processes.

IPC CFX Demo Line, hall A1, booth 305

This live factory line will run circuit board assemblies through 11 pieces of equipment using HERMES and CFX.

IPC Hand Soldering Competition, entrance west

This year, IPC will once again host the European Regional Hand Soldering Competition at productronica 2019.

Participation in the productronica competition is free of charge and is governed exclusively by these conditions of participation. Each participant who surrenders the card automatically participates in the competition. The prize will be awarded among the first 100 participants. All visitors to productronica may take part. Legal recourse is excluded.
