

Participation fees for demonstration area “Sustainable Road and Sewer Construction Live“ (VDBUM)

Innovations in urban and rural road and sewer construction and maintenance

Description:

- „Sustainable Road and Sewer Construction Live“ (VDBUM) shows in several daily shows the entire installation process of road and sewer construction including maintenance on three demonstration areas.

What will be displayed:

- Digital processes in road construction
- Block paving
- Conduit construction
- Condition management & maintenance
- Construction logistics

Participation fees:

Demo area road construction:

- Fully-insulated tipper 4,000 €
- Feeder 5,000 €
- Paver 5,000 €
- Compactor 4,000 €
- Surveying technology 4,000 €

Demo area urban road construction:

- Excavator 4,000 €
- Transport logistics 3,000 €
- Loader 4,000 €
- Compactor 4,000 €
- Compactor device 2,000 €
- Paving stone placing 4,000 €

Demo area trench construction:

- Mini excavators 4,000 €
- Vacuum excavators 4,000 €
- Formwork 3,000 €
- Pipe laying machine 4,000 €
- Loader 4,000 €
- Compactor 4,000 €
- Compactor device 2,000 €

Organizer/contact:

- VDBUM e. V. (German Association for Construction Industry, Environmental and Mechanical Engineering)
- wolfgang.luebberding@vdbum.de - Tel: +49 (0) 421 87168-22

* Only exhibitors or co-exhibitors of IFAT can participate in the Live-demonstrations
